

"Classroom" Expectations For Continuous Learning

Spring 2020

Grades

Grades will be entered in Powerschool each week. You can earn 30 points per week. You can earn up to 20 points for your participation in the online activities, and another 10 points for achievement (the quality of your work). Please read the rubric to learn more about earning those points. At the end of each week, I will review all of your work for that week and assign points from there.

Zoom

Zoom will allow us to see and talk to each other. I will not be using Zoom to teach lessons, only to promote connectedness. Be prepared to share good things, ask questions, make prayer requests, or tell me about problems you may be experiencing with technology. ****The 7th grade Zoom meetings will always be held on Thursdays at 4:00. If you are an 8th grader, your homeroom teacher will communicate your meeting times to you.**

Google Classroom

I have set up Google Classrooms, and hopefully you have already joined the appropriate ones. This is where you can expect to find your work each week. It is my goal to post work on Monday, and check it on Friday. PLEASE do not wait until Friday to do it all. You should be doing a little bit each day!

Office Hours

I will be available by phone or email Mon-Fri from 9:00-11:00 am and from 1:00-2:00 pm. Feel free to reach out if you are having issues. You can call me at 316-749-8876 OR email lcoyne@seaswichita.com

Be Patient!

Your teachers are learning SO MUCH new technology right now, and you know that technology does not always work the way we want it to. We will extend you grace as you learn, and we ask you to do the same!
